Under rule 30 of the Rules under the V.P. Regn., a Panchayat may make grant-in-aid to an institution on certain conditions.

From the above rules it is seen that the ~~Village~~ charges on account of L.F. Dispensaries does not seem to be a proper charge on Panchayat funds.

They may also be asked to contribute towards these institutions outside their area. The action of the President of the Distt Bd, in moving the village Panchayats for contributions on this account does not seem to be justifiable and he may be asked not to do so.

The Cost of the bureau in respect of these institutions by the Distt Bd has been disposed in a standing order of the Govt which has perhaps to be adhered to. and it does not seem that time has come to require the Panchayats to contribute towards these even if it is considered desirable that when they subscribe in a Panchayat area.

NOTE – Contn. sheet

Letter No. R.O.C.459-28 dated the 19th September 1928 from the Deputy Commissioner, Hassan District, to the Revenue Commissioner in Mysore, Bangalore.

I have the honour to state that of late, the President, District Board, Hassan, is moving the local village panchayets to contribute towards the cost of house rent of the local Dispensary buildings and staff quarters. Recently, the Amildar of Arsikere taluk has reported a case of the Gandasi village panchayet and has sought instructions whether the expenditure on this account can be allowed, in view of the fact that the resources of the panchayets are very poor just now. It would be very hard for the panchayets in many cases, to bear any charges on this account. Further, I am doubtful whether it is obligatory and necessary to provide free quarters to the Medical staff or grant them house rent.

In these circumstances, I request the favour of instructions in the matter. In case it is obligatory, to provide free quarters for the medical staff, I would suggest that the charges on that account may not be levied from village panchayets for some time to come, but may be met by Government or Government and District Board.

SIR,

I have the honour to forward herewith for orders of Government copy of letter No. R.O.C.459-28 dated the 19th September 1928 from the Deputy Commissioner, Hassan District, in the matter of the Village Panchayets contributing funds towards the cost of house rent of the local dispensary buildings and staff quarters. The Deputy Commissioner states that the panchayets have slender resources, that he is doubtful whether it is obligatory and necessary on their part to provide free quarters to the Medical Staff or grant them house rent, and that in case it is obligatory, he would suggest that the charges on this account may not be levied on Village Panchayets for some time to come but may be met by Government or Government and District Board. I am afraid the village panchayets cannot bear this charge. If any share is to be contributed by the village panchayets on such expenditure, it should be borne by Government and District Board.

I have the honour to be,
Sir,
Your most obedient servant,

Revenue Commissioner.
